GPO PASSION ED 8x42 Noir

PASSION™ ED binoculars offer the perfect entry into the world of high-quality observation optics at an unbeatable price-performance ratio. The slim and ergonomic design has been combined with the use of high-quality materials. The entire housing is made of magnesium. Thanks to ED lenses, multi-coatings and matched optics, they offer a wide field of view, high edge-to-edge sharpness and transmission values, as well as a shorter close focus. Their robustness and optical performance make them unique performers in their class. You will not find a comparably equipped binocular in this price range.
